BOOKS & LIBRARY SERVICES

Bibz®

Online Ordering & Collection Development Tool

Search, select, and share lists. Build your collection with the power and flexibility of Bibz® — designed exclusively for libraries.

Benefits for Your Library

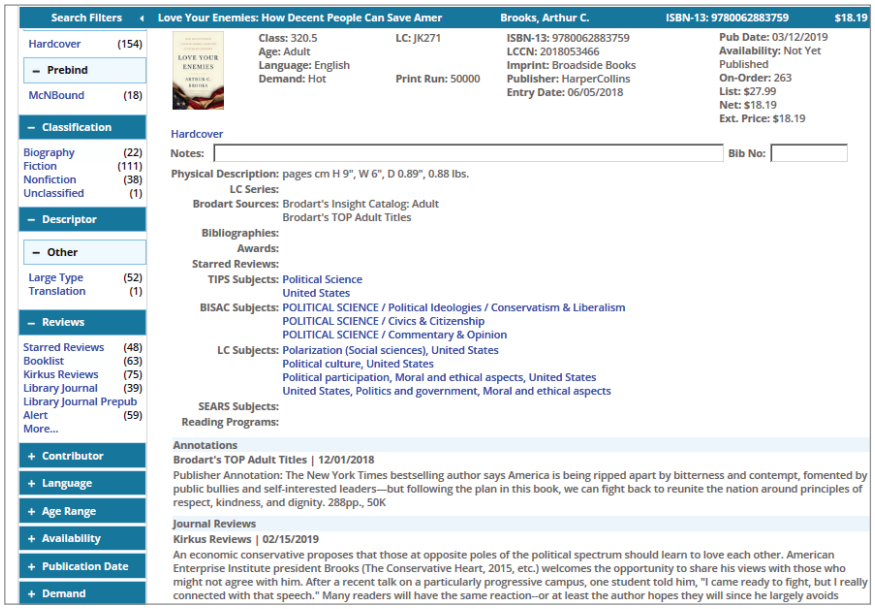
- ✓ Save time — we research, evaluate, compile, and update selection lists so you don't have to
- ✓ Data is groomed for libraries, with specialty descriptors to aid in your selection process
- ✓ Integrates seamlessly with your existing collection development and acquisitions workflow
- ✓ Easy to use

Rich Content

- Take advantage of Brodart's expertly curated selection lists: Awards, Graphic Novels, Spanish, Specialty Topical Lists, and more
- Sort and filter lists to find the most relevant titles
- Build and share lists — even multiple lists simultaneously — enabling a truly collaborative environment for your selection process
- Evaluate potential selections with the aid of robust title detail and full-text reviews

Functionality

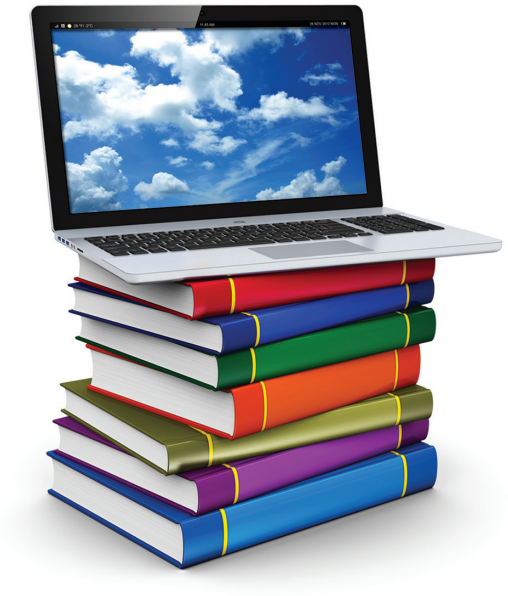
- Link to your library's holdings
- Benefit from automated duplicate checking
- Accommodate unlimited users while controlling access and permissions
- Manage funds, branch distribution, and collections with free grid templates



Bibz® — Online Ordering & Collection Development Tool

Ordering

- Produce and transmit an order through Bibz®
- Grids help manage multi-branch ordering and distribution
- Download customizable on-order records in MARC format
  - Including branch, collection, and fund values
  - Flexible structure for holdings tags
- View order history, regardless of ordering method
- Print invoices



Popular Title Subscriptions

- Peruse monthly lists
- Search for titles eligible through your plan type
- View allowance usage as you build a list

Grids:

	–	Qty	Title	Contributor	Format	Item No. Dewey	Publisher	Pub Date	Availability	Price
